

DJ JAY SWASH

Living full-time in the UAE, My heart beats for House music, but my soul is truly captivated by the enchanting world of minimal tech.

I've been fortunate to mesmerize audiences as the resident DJ at Electric Lotus and Birdcage. Additionally, I've had the privilege of performing at exclusive gatherings like INvip's private parties and Miza Radio's guest DJ appearances, not to mention unforgettable boat parties.

My passion has led me to the esteemed title of Resident DJ on Select FM, where I connected with a diverse and dedicated audience.

When I'm not spinning tunes and creating magical moments on the dance floor, you'll find me immersing myself in the vibrant music scene of the UAE, always on the lookout for fresh beats and melodies to elevate my performances.

I'm a music enthusiast who embarked on an incredible DJ journey at the tender age of 10. Music has always been my passion, and I was fortunate to kickstart my DJing career with my first mini-residency at the renowned Oscar's nightclub in Clacton, Essex, when I turned 16.

Since then, my musical adventures have taken me to various captivating venues across the UK. From the vibrant dance floors of Oscars, Cockney Pride, and Fibbers to the iconic settings of Savoy, Strawberry Moon, and Hippodrome, I've had the absolute pleasure of bringing electrifying beats to life.
